

Opioid Treatment Program

State Policy

To locate the MSM chapters on the Division of [Health Care Financing and Policy \(DHCFP\) website](#), click **Resources** from the toolbar across the top of the page, then select **Medicaid Services Manual** from the drop-down menu.

- [MSM Chapter 4100](#) – Substance Use Treatment Services and Coverage
- [MSM Chapter 100](#) – Medicaid Program: contains important information applicable to all provider types
- [MSM Chapter 3800](#) – Medication Assisted Treatment (MAT): covers policy for MAT services
- [MSM Chapter 1200](#) – Prescription Drugs: covers medications for MAT
- [MSM Chapter 800](#) – Laboratory Services: covers drug screening and testing requirements and PA.

Rates

Rates information is on the DHCFP website on the [Rates Unit](#) webpage. The [Search Fee Schedule](#) function can be found under **Featured Links** on the Provider Web Portal login page (you do not need to log in).

Providers will need to reference the fee schedule that matches the provider type of the individual who is performing the service.

Authorization Requirements

For questions regarding authorization, call Nevada Medicaid (800) 525-2395 or refer to MSM Chapter 4100, MSM Chapter 1200, and MSM Chapter 800.

The [Authorization Criteria](#) function can be found under **Featured Links** on the [Provider Web Portal](#) login page (you do not need to log in).

- FA-11D Substance Use Treatment/Outpatient Behavioral Health Authorization Request
- FA-6 for Outpatient Medical/Surgical Services for any laboratory services

Incomplete requests may be pended for additional information. The provider submitting the request has five business days from the date that the information is requested to resubmit complete or corrected information, or a technical denial will be issued.

Authorization does not guarantee payment of a claim. Payment is contingent upon eligibility, available benefits, contractual terms, limitations, exclusions, coordination of benefits, and other terms and conditions set forth by the benefit program.

No prior authorization is required for the initiation and maintenance of MAT services as listed in MSM Chapter 3800. An individual must meet the medical necessity criteria of MAT services as documented in the recipient's file.

No prior authorization is required for biopsychosocial assessment.

Request Timelines

- **Initial requests services:** It is recommended that the request be submitted 5-15 business days before the anticipated start date of service; however, submit no more than 15 business days *before* and no more than 15 calendar days *after* the start date of service.
- **Continued service requests:** If the recipient requires additional services or dates of service (DOS) beyond the last authorized date, you may request review for continued service(s) prior to the last authorized date. The request must be received by Nevada Medicaid by the last authorized date and it is recommended these be submitted 5 to 15 days prior to the last authorized date.
- **Unscheduled revisions:** Submit whenever a significant change in the recipient's condition warrants a change to previously authorized services and provide additional clinical information to document the need for the

Opioid Treatment Program

additional requested units/services. Must be submitted during an existing authorization period and prior to revised units/services being rendered. The number of requested units should be appropriate for the remaining time in the existing authorization period. Note that the earliest start date may be date of submission of request and end date remains the same as previously authorized services.

- **Retrospective request:** Submit no later than 90 days from the recipient's Date of Decision (i.e., the date the recipient was determined eligible for Medicaid benefits). All authorization requirements apply to requests that are submitted retrospectively.
- **Emergency request for Crisis Intervention only:** Submit within five business days, including the first date of service of the first occurrence when prior authorizing additional services outside of the service limitations in MSM policy.

Claim Instructions

Use Direct Data Entry (DDE) or the 837P electronic transaction to submit claims to Nevada Medicaid. See [Electronic Verification System \(EVS\) Chapter 3 Claims](#) located on the EVS User Manual webpage and the 837P Companion Guide located on the [Electronic Claims/EDI](#) webpage for billing instructions.

Medication Assisted Treatment

Refer to MSM Chapter 3800, Medication Assisted Treatment, for policy questions. Providers eligible to prescribe MAT services must follow the guidelines listed in [MSM Chapter 600, Physician Services](#), for their individual provider type.

Non-covered Services

When requested for MAT, buprenorphine prescription for any other reason than Opioid Use Disorder (OUD) is not covered.

Covered Services

Eligible providers with a Drug Enforcement Administration (DEA) license and who meet all of the provider requirements listed in MSM Chapter 3800 would be able to provide and bill for MAT services.

Billing for Medications Used for MAT:

- J0571 Buprenorphine, oral, 1 mg
- J0572 Buprenorphine/naloxone, oral, less than or equal to 3 mg
- J0573 Buprenorphine/naloxone, oral, greater than 3 mg, but less than or equal to 6 mg
- J0574 Buprenorphine/naloxone, oral, greater than 6 mg, but less than or equal to 10 mg
- J0575 Buprenorphine/naloxone, oral, greater than 10 mg

Providers are required to list the National Drug Codes (NDCs) for the specific drug administered on the claim.

Use modifier U5 and the appropriate OUD diagnosis code with each claim to indicate MAT services.

One of the diagnosis codes for J0571 – J0575 must be: F11.20, F11.21, F11.222, F11.229, F11.23, F11.24, F11.250, F11.251, F11.259, F11.281, F11.282, F11.288 and F11.29.

Pre-Induction Visit:

- Visit type: Adult Wellness visit or acute visit for Opioid Use Disorder/Dependence.
- Comprehensive evaluation of new patient or established patient for suitability for buprenorphine treatment.
 - New Patient: 99205
 - Established Patient: 99215

Opioid Treatment Program

Induction Visit:

- Visit type: MAT medication induction.
- Any of the established patient Evaluation & Management (E/M) codes can be used for induction visits.
- Codes are listed in order of increasing length of time with patient and/or severity of the problems.
 - Patient Consult: 99242-99245
- Prolonged visits code (99417) may also be added onto E/M codes for services that extend beyond the typical service time. Time spent does not need to be continuous.

Maintenance Visits:

- Visit type: MAT medication. Acute visit for OUD/opioid dependence.
- Any of the established patient E/M codes can be used for maintenance visits.
- Counseling codes are commonly used to bill for maintenance visits, since counseling and coordination of service with addiction specialists comprise the majority of the follow-up visits.
 - Established Patient: 99212-99215

Use modifier U5 and the appropriate OUD diagnosis code with each claim to indicate MAT services.

National Correct Coding Initiative (NCCI) Edits and Service Limitations

The objective of the National Correct Coding Initiative (NCCI) is to promote correct coding methodologies. The Centers for Medicare & Medicaid Services (CMS) is responsible for the development and administration of the NCCI Edits: *"The CMS developed its coding policies based on coding conventions defined in the American Medical Association's CPT Manual, national and local policies and edits, coding guidelines developed by national societies, analysis of standard medical and surgical practices, and a review of current coding practices."*

Nevada's Medicaid Management Information System (MMIS) uses NCCI Edits in the processing of Nevada Medicaid claims. DHCFP receives quarterly and annual NCCI Edit updates that are added to the MMIS. Providers can find the most current Annual Code report and the quarterly Medically Unlikely Edits (MUE), Procedure to Procedure (PTP) and Add-On Code reports on the following website:

<https://www.medicaid.gov/medicaid/program-integrity/national-correct-coding-initiative-medicaid/index.html>

It is not possible to provide the most current quarterly or annual changes in this billing guide; for the most current information please reference the website link provided above.

Providers are reminded to bill procedures with the correct modifier combinations, units of service provided and correct code combinations.

Note: It is the responsibility of providers to ensure the use of current CPT codes, service limitations and MUEs are applied when billing claims.

Opioid Treatment Program
