## Chapter 2. Eligibility benefit verification

The Eligibility Benefit Verification function in EVS is used to confirm member eligibility. The logged in user is able to request eligibility confirmation for the Nevada Medicaid and Nevada Check Up program as well as Managed Care Organizations (MCO) and Third Party Liability (TPL).

The eligibility request is sent to the Nevada Medicaid Management Information System (MMIS) and the response screen returns the requested information, if the recipient is eligible. The information in EVS is updated daily from NV MMIS. EVS can return recipient eligibility for the present month or for up to six years in the past.

## 2.1. Verifying eligibility

To access Eligibility, you will need to log in and navigate to the My Home page. To perform an eligibility verification request in EVS, all of the following are required:

- An 11-digit Recipient ID, nine-digit SSN, or Last Name and First Name
- Birth Date when searching by nine-digit SSN, or Last Name and First Name
- Effective Date

To access the eligibility request:

1. Click the Eligibility tab on the My Home page.

- When the Emergency Medical Non Citizens coverage plan is listed. Medicaid Fee For Service benefits are restricted to emergency services only.
