Title: Senior Provider Relations Manager

Program Overview

Program Overview

Effective July 01, 2023, Nevada Medicaid and Nevada Check Up implemented a change in how certain specialty drugs that fall under the medical benefit are managed.

This new program is administered by the **Medical Pharmacy Solutions team at Prime Therapeutics Management (Prime)**. Prime is responsible for reviewing and approving these drugs.

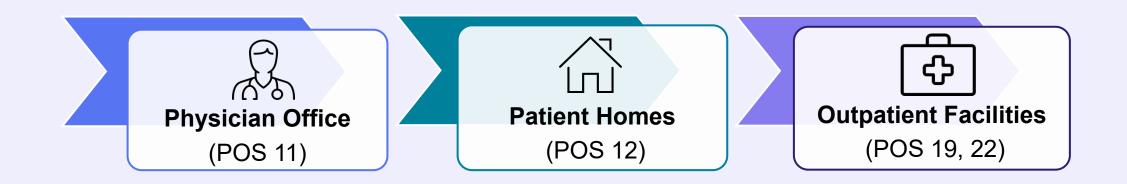

As of **July 01**, **2023**, providers began contacting Prime to obtain prior authorizations for members who received treatment/drugs within the scope of this program on or after **July 01**, **2023**.

Places of Service

Prior authorization is required by Prime when the drugs are administered by practitioners in the following places of service (POS)

Impacted Members

The program applies to members enrolled in the following plans:

Billing Reminders

When billing these specialty drugs, providers must include the appropriate:

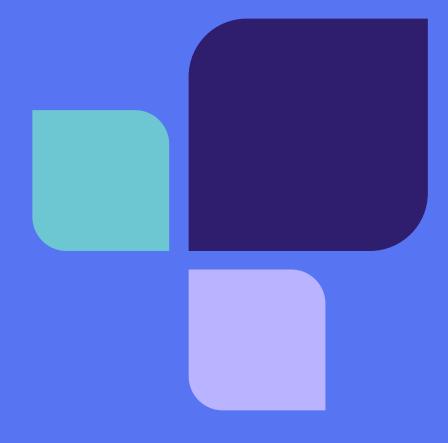

- HCPCS codes and units
- Corresponding NDC codes and units
- Specialty PAD Prior Authorization (PA) number

Please note: If these elements are not present, the claim will be denied. These requirements apply to both professional and outpatient hospital claims.
