

PROVIDER FLEX

Gainwell Powered Provider Enrollment

An enhanced Nevada Medicaid enrollment tool replacing the existing Online Provider Enrollment (OPE) Environment:

- Enroll new provider or service location
- Change of ownership
- Re-enroll provider
- Address incoming Revalidations and Updates after starting in Provider Web Portal

Autosave

Automatically saves application throughout the enrollment process for easy retrieval of information

Intuitive Attachment Process

Integrated solutions to communicate what attachments are required and when to upload them

Integrated Checklist

Checklists are incorporated for ease of access and clarity

DocuSign Integration

New security and signing solutions for authorized electronic signatures

Error Identification

Track missing or incomplete information to improve efficiency

Streamlined Dashboard

A dashboard that provides a list of applications, intuitive navigation, and enrollment resources

Important Dates

See the Provider Flex website for important training and implementation dates
