Web Announcement 1581

## **Attention All Providers: Important Information Regarding Authorization Criteria Search Function**

When using the Authorization Criteria search function on the Provider Web Portal, results that return prior authorization (PA) requirements may generally be relied upon. If the search criteria returns the message "There are no records found based on the search criteria entered," it is important to verify that there are no PA requirements written in policy. This search function is for your convenience, but it does not override policy. Providers are encouraged to verify all PA requirements by referring to the Medicaid Services Manual (MSM) Chapter for your service type at [dhcfp.nv.gov](http://dhcfp.nv.gov) and the Billing Guide for your provider type at [www.medicaid.nv.gov](http://www.medicaid.nv.gov).
