Periodontal Coverage for Pregnant Adult Recipients

Effective Oct. 1, 2007, pregnant recipients who qualify for full Medicaid are now eligible for certain periodontal benefits: D4341 and D4342 Periodontal Scaling and Root Planing Procedures, and D4910 Periodontal Maintenance. Nevada Medicaid asks that providers share this news with recipients and refer recipients who may be in need of such services to their dental provider.

Please refer to the Medicaid Services Manual, [Chapter 1000-Dental Services](#) and the [Dental Fee Schedule](#) at <http://dhcfp.state.nv.us> for more detailed information on coverage, limitations and reimbursement. Thank you.
