Prior Authorization Changes and Limitation Clarifications for Incontinent Products and Miscellaneous Codes

Effective Dec. 1, 2007, Prior Authorization (PA) will be required (PA type 01) when billing for incontinent products with HCPCS codes A4335, A4520, A9900 and A9999. Claims that have already adjudicated will not be affected by this change.

The following points clarify Nevada Medicaid's service limits for incontinent products:

- Diapers, briefs, pull-ups, etc., are limited to 300 units per a 30-day rolling month in any combination. The HCPCS codes affected are: A4520, T4521 through T4534, T4543 and miscellaneous codes A4335, A9900, A9999 and T4535.
- Any underpad-type product is limited to 300 units per a 30-day rolling month in any combination. The HCPCS codes affected are: A4554, T4541, T4542, and miscellaneous codes A4335, A9900, A9999 and T4535.
