Web Announcement 1677

**Attention Provider Type 33 (Durable Medical Equipment, Prosthetics, Orthotics and Supplies):**

**KU Modifier on Medicaid and Crossover Claims**

Effective on claims with dates of service on or after September 1, 2018, provider type 33 (Durable Medical Equipment, Prosthetics, Orthotics and Supplies, DMEPOS) may bill the following codes with the KU modifier (DMEPOS item subject to DMEPOS competitive bidding program number 3). The KU modifier must be reported on the prior authorization (PA) and the claim for the provider to receive the correct payment.

When submitting claims for Medicaid, providers will only use the KU modifier. For crossovers, a combination will be required as Medicare has other rate options available. For example, instead of billing using the NU/KU modifier combination to receive the enhanced rate, the billing claim should include KU as the first modifier. Nevada Medicaid has set the rate for the KU option at the NU/KU rate Medicare uses.

More detailed billing information/instruction will be provided in a future web announcement to be posted on the [Division of Health Care Financing and Policy \(DHCFP\)](#) website on the Rates webpage.
