Update to [Web Announcement 1500](#): Provider type 29 (Home Health Agency) claims with dates of service on or after January 1, 2014, and processed before December 18, 2017, that meet the following criteria have been automatically reprocessed:

- Claims that cutback in error with edit code 0641 (Duplicate payment request - same provider, same date of service and same prior authorization) when the prior authorization showed units as available.
- Outpatient claims that overpaid because the outpatient prior authorization use exceeded the authorized units.

Results of the reprocessed claims appear on remittance advices dated October 19, 2018. Please note: When claims are reprocessed, please be aware that all system and clinical claim editor edits are applicable. As a result, there may be no additional payment, and other claim denials may be received.
