Web Announcement 2888

Attention Provider Type 24 (Advanced Practice Registered Nurse):

Newborn Hearing Screen Procedure Code 92558

Effective on claims with dates of service on or after September 1, 2022, provider type 24 (Advanced Practice Registered Nurse) may bill newborn hearing screen procedure code 92558 (Evoked otoacoustic emissions, screening (qualitative measurement of distortion product or transient evoked otoacoustic emissions), automated analysis). No claims will be automatically reprocessed as this is a go-forward change.

The information in this web announcement is incorrect. Provider type 24 may **not bill procedure code 92558.**
