Web Announcement 2982

Attention All Providers: “Affiliated Providers” Feature Added to Electronic Verification System/Provider Web Portal

Beginning January 17, 2023, a new feature is available in the Electronic Verification System (EVS)/Provider Web Portal that allows providers to view all of the providers with which they are affiliated. Providers are encouraged to use this new tool to view their linkages and verify the information is accurate on a regular basis as linkages may change.

To access this new feature, login to the EVS/Provider Web Portal and click the link labeled “Affiliated Providers” on the My Home page under the Resources tab.

Once the new Affiliated Providers page is opened, providers may filter the affiliations that are displayed using the Status drop-down options on the page to view active, inactive (less than two years) or all affiliations.

Providers may search for a specific provider by entering the provider’s business name/last name, first name or National Provider Identifier (NPI) and clicking Search. The list of Affiliated Providers can be sorted by any column, except Address, by clicking on the appropriate column heading.

The screenshot below shows a sample Affiliated Providers page:

Affiliated Providers ?

NPI and Name Search

Affiliations displayed are limited to all active affiliations and any inactive affiliations for the past 2 years. Providers with multiple service locations must select a specific location to display their affiliated providers.
