Nevada Medicaid Web Announcement 3068

COVID-19 UNWIND: Authorization for Monovalent COVID-19 Vaccine Procedure Codes Revoked

The U.S. Food and Drug Administration (FDA) Emergency Use Authorization for monovalent Moderna and Pfizer-BioNTech mRNA COVID-19 vaccine procedure codes has been revoked effective April 18, 2023, regardless of the recipient's age. Effective with dates of service on or after **April 18, 2023**, only bivalent COVID-19 vaccine procedure codes are payable by Nevada Medicaid.

Any claims for monovalent COVID-19 vaccine procedure codes with dates of service on or after **April 18, 2023**, that paid will be reviewed for possible recoupment.

The Medicaid Management Information System (MMIS) and the COVID-19 General Billing Guide will be updated to reflect these changes.
