Nevada Medicaid Web Announcement 3169

New Error Code Based on Ordering, Providing and Referring (OPR) Provider's Nevada Medicaid Enrollment

Effective with dates of service on or after September 18, 2023, if a claim is submitted for a date for which the Ordering, Providing and Referring (OPR) provider is not enrolled as a Nevada Medicaid provider, the claim will deny at the header level with new error code 1977 (OPR provider not enrolled on DOS - HDR). The new error code will ensure the entire claim will deny if even one detail is billed for a date outside of the OPR provider's contract dates.

No claims will be reprocessed automatically as this update is a go-forward change.
