Nevada Medicaid Web Announcement 3210

Updates Regarding National Correct Coding Initiative (NCCI) Quarter 4 2023 Files

As providers were notified in [Web Announcement 3181](#), the Medicaid Management Information System (MMIS) was updated with the Centers for Medicare & Medicaid Services (CMS) National Correct Coding Initiative (NCCI) Quarter 4 2023 files. The updates were effective on claims with dates of service on or after October 1, 2023. Following this implementation, CMS required replacement files to be added to the Quarter 4 2023 update. The replacement files have been added to MMIS and will be effective on claims with dates of service on or after October 1, 2023.

Any claims impacted by the replacement files with dates of service on or after October 1, 2023, through claims processed prior to November 6, 2023, may be reprocessed automatically. A future remittance advice will report the results of any reprocessed claims.

When claims are reprocessed, please be aware that all system and clinical claim editor edits are applicable. As a result, there may be no additional payment, and other claim denials may be received. Providers have the right to appeal denied claims, including those denied upon reprocessing. Please refer to [Medicaid Services Manual Chapter 100](#) and the [Billing Manual](#) for information concerning the claim appeal process and time frames.
