Nevada Medicaid Web Announcement 3296

Attention Provider Type 38 (Waiver for Individuals with Intellectual and Developmental Disabilities): Error Code 5042 Updated

Update to [Web Announcement 2920](#): Some claims submitted by provider type 38 (Waiver for Individuals with Intellectual and Developmental Disabilities) have been denying in error with error code 5042 (Possible conflict: provider type 38 waiver for IID and related condition vs other). The impacted claims had dates of service on or after March 1, 2020. Effective with claims processed on or after March 4, 2024, PT 38 claims will no longer deny in error with error code 5042.

Claims submitted by PT 38 with dates of service on or after March 1, 2020, through claims processed prior to March 5, 2024, that denied in error with error code 5042 will be reprocessed automatically. A future remittance advice will report the results of the reprocessed claims.

When claims are reprocessed, please be aware that all system and clinical claim editor edits are applicable. As a result, there may be no additional payment, and other claim denials may be received. Providers have the right to appeal denied claims, including those denied upon reprocessing. Please refer to [Medicaid Services Manual Chapter 100](#) and the [Billing Manual](#) for information concerning the claim appeal process and time frames.
