

Web Announcement 51

Attention Nursing Facilities (Provider Type 19):

If a recipient was admitted to your nursing facility directly from another provider, and the corresponding claim you submitted denied with Edit Code 0128 (Recipient Not Authorized for Dates of Service), please resubmit the claim.

A system change was completed and these claims that denied for Edit Code 0128 should now process correctly. Only claims for transferred recipients are affected by this announcement.

Thank you for your cooperation.
