Special Clinics May Bill CPT Code H0033 for Direct Observation of Treatment

Effective with dates of service on or after January 1, 2014, Special Clinics (provider type 17, specialties 174, 195, 197 and 198) may bill CPT code H0033 (Oral medication administration, direct observation of treatment (DOT)) for medically necessary administration of tuberculosis (TB) medication treatment. Claims dated on or after January 1, 2014, that denied because the procedure code was not on file will be automatically reprocessed. The adjudication of any reprocessed claims will be reflected on a future remittance advice.
