Attention Behavioral Health Provider Types 14, 17, 26, 63 and 82: The Prior Authorization Forms Revised for ICD-10 Codes Must Be Used

Update to Web Announcement 973:   The following prior authorization (PA) forms have been revised to incorporate the use of ICD-10 Primary, Secondary and Tertiary Codes and corresponding Disorders. The sections requesting DSM Diagnosis Code and Narrative information have been removed.

- FA-11: Outpatient Mental Health Request
- FA-11A: Behavioral Health Authorization Request
- FA-11D: Substance Abuse/Behavioral Health Authorization Request
- FA-12: Inpatient Mental Health Prior Authorization
- FA-13: Residential Treatment Center Concurrent Review
- FA-14: Inpatient Mental Health Services Concurrent Review Request
- FA-15: Residential Treatment Center Prior Authorization

The revised PA forms are now online and must be used for requests submitted on or after October 1, 2015, regardless of date of service. HP Enterprise Services will not process requests for review that are received on an outdated form. Requests submitted on an outdated form will be returned to the provider. The forms are available on the Providers Forms webpage at www.medicaid.nv.gov.

The diagnosis section of the outdated forms request the following information:

The revised forms effective October 1, 2015, request the ICD-10 Primary, Secondary and Tertiary codes and the corresponding Disorders as shown below:

IV. ICD-10 DIAGNOSIS	
(If using DC:0-3, use the appropriate crosswalk and enter the appropriate ICD-10 diagnosis code and disorder)
